HOW much more can Teresa Giudice take? While she rots in a jail cell, her husband, Joe Giudice, was spotted out on the town with another woman yet again. The National ENQUIRER has learned.

"He looked like he was having fun," said an eyewitness, who said Juicy Joe made the scene at Daddy O, a restaurant, bar and hotel complex in Long Beach Island, N.J., Aug. 6.

"He was downstairs, standing at the bar, with his sunglasses on," the witness told The ENQUIRER.

"He was trying to be incognito the entire time – like he could hide!"

Later, however, Joe, 44, didn't seem to care who was watching as he cozied up to a young brunette for drinks on the rooftop bar!

'HOUSEWIVES' SCUM JOE CAUGHT AT IT AGAIN!

Teresa's STILL in the slammer ... and her husband's STILL MESSING WITH CHICKS

"It was him and a woman next to him, and another man and woman across from them," the witness reported.

With a martini parked in front of him, Joe did not indulge in any PDA, but he was clearly having a ball.

"My friends were like, 'He should be home crying about Teresa or watching his daughters!'" the onlooker said.

"But Joe did not look like he was worried about anything at

all. He was having a good time."

Indeed, the months of incarceration for "The Real Housewives of New Jersey" star have been something

of a vacation for Joe, who's been spotted out on multiple dates with other women! In April, he romanced hot strip-club bartender Samary Graulau, 27, on a double date at a Newark seafood joint.

Meanwhile, insiders told The ENQUIRER that Teresa, 43, is determined to stand by her man – although she has met with divorce attorneys since going behind bars.

Booze-soaked David HITS ROCK BOTTOM!

DEPRESSED Cassidy owes \$2M & faces a nasty divorce

FORMER teen idol David Cassidy is dead broke and often so blitzed on booze he can't understand or remember what's being said to him!

The star of "The Partridge Family," 65, has racked up three DUI busts and is battling depression as his ritzy mansion heads to the auction block to pay off more than \$2 million in debts, The National ENQUIRER has learned.

David is also facing a brutal divorce from Sue Shifrin.

A source said: "David has hit rock bottom, and he knows it.

"His home, the only tangible asset he has, is being sold out from under him, and he's in the midst of what could turn out to be a costly divorce.

"Even his own lawyers are suing him for nonpayment."

MAKING MATTERS worse, a Florida law firm has sensationalized claimed David racked up nearly \$135,000 in legal bills - and still owes most of it!

In a deposition obtained by The ENQUIRER, David's former manager and publicist, Jo-Ann Geffen, was asked whether drugs or alcohol had ever "impaired [David's] ability to appreciate what was being said" to him.

She testified: "I'd have to say

SPLITSO!

yes," and "his ability to recall things" was also affected.

According to the suit, David told a reporter: "I deal with depression, anxiety. It comes from the external problems I've been dealing with."

DAVID CLAIMED he was sober back in 2008 after a stint in rehab. But in Nov. 2010 - and again in Aug. 2013 - he was arrested for driving under the influence.

He was slapped with his third DUI on Jan. 10, 2014, when he

Q. Have you personally ever observed where drugs or alcohol have impaired his ability to appreciate what's being stated or said or being expressed?

A. I'd have to say yes.

A. Well, he was just having a lot of financial problems and that he didn't have the money. And that, you know, he was hoping to pay it out eventually. You know. At some - over some terms or - but he just didn't have any money to pay anything.

was pulled over for making an illegal turn.

The following month, the down-and-out guitarist was in court-ordered rehab after his

third wife hit him with divorce papers.

A judge has ordered that David's Florida home be auctioned to pay his debts. Lawyers hope it will cover the \$2,143,367 he owes.

David once joked he got a call every time his former costar Danny Bonaduce got into trouble over the years. Now the shoe is on the other foot and Danny is fielding calls about him, David said.

He added: "If you were alone in my situation, I think you'd be very unhappy." NE

KIM PUTS A LOCK ON THE FRIDGE!

Desperate measures to stay trim while she's pregnant

KIM Kardashian, now five months pregnant, has hired a personal "food cop" and locked herself out of her junk food-packed refrigerator, The National ENQUIRER has learned!

She gained 70 pounds during her first pregnancy, in 2013, when she gave birth to daughter North, with now-husband Kanye West.

But last month the reality TV queen, 34, bragged that she'd only gained 20 pounds so far. She is going to extremes to make sure she puts on less than 40 pounds total by her December due date.

"Kim brags that this pregnancy has been much smoother than her first, and that she's staying slim by eating healthier. But that's nowhere near the full truth," confided a family insider.

"Kim barely gained anything in the first few months, but she's been blowing up over the past few weeks."

As The ENQUIRER reported, Kim's car was retrofitted with custom seats to make room for

the star's extra-large butt - and she has whined to pals that her breasts alone weigh 25 pounds!

"When she hit 30 pounds, Kim moved all of Kanye's 'fun' food - frozen pizzas, dips, ice cream, cheese and soda - to a separate fridge and had a combination lock installed on it," the insider revealed.

"She also moved all non-diet-approved foods to locked cabinets. Kanye has a code so only he can access them.

"Kim hired a nutritionist who's acting as her personal food cop during her pregnancy. When she feels a craving, she calls her nutritionist for support and advice," according to the source.

"Kim indulged in a donut a day during her first pregnancy.

"She threw caution to the wind and paid the price. She doesn't want to suffer again - desperately dieting to reclaim her famous figure once the baby's born!"

NICOLE BOOB JOB *THE BREAST EVER, SAY DOCS!*

CLASSY WORK'

ONCE-bony Nicole Richie's cups runneth over!

While the fashionista hasn't admitted to going under the knife, medical experts agree her new breasts are among the best that money can buy!

"She appears to have rounder, fuller breasts with an increased bust size that only a silicone implant can bring," said plastic surgeon Dr. Lyle M. Back, who has not treated Nicole.

"These are conservative implants which create – at most – a full B or small C cup."

The reality TV star's long-running battle with eating disorders has been well-documented by The National ENQUIRER. As we reported in Jan. 2014, the 5-foot-1 mother of two had melted to a frightening 87 pounds.

"She was at a scary level of skinny," said Dr. Back, adding that extreme

weight loss can permanently affect the size of a woman's breasts.

"But she seems to have gained back healthy weight from the waist down, at least. It also seems that she's given her breasts a little extra help to complement her new curves."

Cosmetic surgeon Dr. Anthony Youn, who has not treated Nicole, 33, said: "Her surgeon did a classy job."

Dr. Back agreed, adding: "As a celebrity patient told me recently, 'Doc, I don't want it to look really obvious that I've had them done, but I don't want them to look like I haven't either!'"

Kaitlyn's a heartbreaker, fears her fiancé's dad!

THEY'RE not married yet, but the honeymoon's already over for "The Bachelorette" Kaitlyn Bristowe and her fiancé, Shawn Booth – because his parents hate her publicized sex life!

Shawn's father, Steven, erupted when Kaitlyn made love with season finalist Nick Viall.

"Steve said, 'What the hell's going on? This is nuts!'" a source told The National ENQUIRER. "Steven was not a happy camper about Kaitlyn and Nick, and he let his son know it."

Kaitlyn, 30, had a previous

relationship with Nick, 34, and she admitted their passion reignited during the show – and then all hell broke loose!

Shawn's mom, Jo-Anne Kagan Booth, declined to meet Kaitlyn, and Steve fears Kaitlyn will break his son's heart.

"Steve is worried about this, because he's in deep," said the source. "He wants Shawn to be happy, but he's worried Kaitlyn is too fickle and flighty."

"Shawn said his dad's definitely a bit of a skeptic, but he values his advice more than anyone's in the entire world," added the source, who revealed Shawn is worried the relationship could still blow up before they make it to the altar! **NE**

ANNA Nicole Smith's still-mourning former love slave is convinced she was murdered in cold blood - and the blonde beauty's mother agrees!

Mark Fettters, 53, began a torrid, two-year affair with Anna Nicole after meeting her on a blind date in 2000, nearly five years after the death of her billionaire second husband, J. Howard Marshall, who died in 1995 at age 90.

"She was murdered, and I hope someday charges can be brought," said Mark, who believes Anna Nicole and her son, Daniel, were killed in a sordid swirl of greed, jealousy and violence.

In an exclusive interview with The National ENQUIRER, Mark said he met the sex goddess when she was preparing for a court battle over her late husband's \$1.6 billion fortune.

The former Playmate of the Year jumped into bed with him just hours later and demanded he be her love slave for an athletic six-hour orgy!

"Anna couldn't keep her hands off me," Mark has said.

"She was very demanding and wanted sex in every position you can imagine."

Anna Nicole's mother,
Virgie Arthur

'Anna Nicole & son killed by the same guy'

Their deaths were NO ACCIDENTS, says the buxom blonde's sex slave

"She really knew how to pleasure a man. Anna had an amazing body. It was the best sex of my life!" he recalled.

Days later, the blonde had handsome, 6-foot-3 Mark moved into the three-bedroom Hollywood home she shared with Daniel, then 14, a child from her marriage to fried chicken cook Billy Smith.

Daniel died at age 20 in his mother's hospital room in 2006, while visiting her in the Bahamas days after she gave birth to a baby girl named Dannielynn.

Anna Nicole hired noted forensic pathologist Cyril Wecht to perform an autopsy on her son. He ruled Daniel had died from a lethal combination of the antidepressants Zoloft and Lexapro as well as methadone, which is used in the treatment of heroin and mor-

phine addiction. Cyril said he could draw no conclusion as to why Daniel was using methadone.

Anna Nicole herself died less than five months later Feb. 8, 2007, at the Hard Rock Hotel and Casino in Hollywood, Fla.

WHAT'S MORE, The ENQUIRER has learned Anna Nicole's 64-year-old mother, Virgie Arthur, believes the deaths were no coincidence.

"Virgie believes the same person is responsible for her grandson's and her daughter's deaths. Virgie was a sheriff and feels there's no accident in this," said Mark.

"I agree with Virgie. I think something is definitely wrong."

Wild Anna Nicole and Mark in 2000

Mark said someone should have intervened and gotten the depressed Anna Nicole help - especially after she was found facedown in the swimming pool at her home in the Bahamas mere days before she died.

Her bodyguard had pulled her from the pool and revived her, but she was "falling into a deeper and deeper depression," Mark said.

'Anna Nicole really knew how to pleasure a man. It was the best sex of my life!'

"I think there should have been an intervention."

ACCORDING TO MARK, his own relationship with Anna Nicole ended when the FBI sought his help to implicate her in a murder-for-hire plot in 2000 and 2001.

With the Marshall billions then at stake, the feds suspected the blonde bombshell plotted to murder her late husband's son, Pierce, who was challenging the will in court.

The FBI wanted Mark to

wear a wire to gather evidence she hired a hit man to do the dirty work and eliminate her competition.

"I told them I would do it, but ultimately I couldn't go through with it because I loved her," Mark said.

He explained the feds first asked him to call her.

"I said okay. They listened and recorded it. She was slurring very bad and not making a whole lot of sense, and their angle to convince me was, 'If you don't help her, she'll die.'

"But I said, 'If I help you and wear a wire, she's going to be in prison for the rest of her life.' I just wanted to get her straightened out and off pills and to start exercising."

But she never received help, and she was never arrested. "They probed it for a while," Mark added. "They showed up at her place and confiscated a knife and gun and mask."

Caitlyn to lose her BIG MANLY VOICE!

CAITLYN Jenner's male-to-female transformation is lacking one very noticeable trait - a sweet and sexy feminine voice.

Her answer: more surgery! The 6-foot-2 Olympic champ formerly known as Bruce is considering yet another operation, this time on her throat.

After speaking at the ESPYs in July, Caitlyn wrote on her blog: "While I felt like I looked great and that the gown looked fabulous, I still have a voice issue. It's not quite right compared to my feminine appearance."

Revealed a family friend: "Cait truly hates how she sounds. When she hears a recording of her voice, it makes her cringe. She thinks she still sounds like Bruce!"

"Cait hired a voice coach, but that hasn't made much of a difference.

"She's made up her mind that she's going to have the surgery after her show, 'I Am Cait,' wraps since she'll need

to be on total voice rest for two weeks."

The surgery, called feminization laryngoplasty, is often performed on male-to-female transgenders. The procedure involves making the voice box smaller, and shortening the vocal cords to raise the pitch.

Caitlyn, 65, confided to stepdaughter Kim Kardashian on the Aug. 2 episode of "I Am Cait" that she's considering the surgery.

But a concerned Kim said she's worried that Cait - who had a laryngeal shave as Bruce to soften his Adam's apple - could permanently lose her voice if there are complications.

Despite the risks, Cait's mind is made up.

"She has the stylish wardrobe, a well-shaped figure and a glam squad to do her hair and makeup," the insider said.

"The one thing Cait's lacking is a soft, sexy voice, and she desperately wants that!" NE

HARRISON Ford's near-fatal March 5 plane crash may have been caused by malicious tampering, according to bombshell documents obtained by The National ENQUIRER!

What's more, The ENQUIRER can exclusively reveal the Federal Aviation Administration is concealing a potentially blockbuster medical secret about the "Star Wars" actor.

Harrison, 73, suffered a broken ankle, broken pelvis and severe head lacerations after crashing his WWII-era Ryan Aeronautical ST3KR at the Penmar Golf Course in Venice, Calif.

Buried in a National Transportation Safety Board report on the mishap was the shocking detail that the malfunction was caused solely by a curiously loose part.

"A post-accident examination of the airplane's engine revealed that the carburetor's main metering jet was unscrewed from its seat and rotated 90 degrees," the report read.

"The unseated jet would have allowed an increased fuel flow through the main me-

SABOTAGE!

tering orifice, producing an extremely rich fuel-to-air ratio, which would have resulted in the loss of engine power."

Harrison's plane lost power shortly after takeoff, and

he was credited with saving untold lives by steering the troubled craft away from surrounding neighborhoods.

An aviation expert told The ENQUIRER that the tamper-

ing could have easily been done by someone with malicious intent.

"It would have to be someone who has access to the airport: maintenance, owners, those sorts of people," said the expert, who spoke to The ENQUIRER on the condition of anonymity because of the possibility of a criminal probe.

"You have to be a very smart person who understands how the carburetor works to pull it off."

Following the accident, The ENQUIRER filed a Freedom of Information Act request with the FAA for crash documents.

Dr. Melchor J. Antuñano, the director of the Civil Aerospace Medical Institute, told The ENQUIRER the FAA had removed information that "would constitute a clearly unwarranted invasion of personal privacy."

"It's unknown if the [undisclosed] medical condition played a role in the March crash," an insider told The ENQUIRER. "That issue remains under investigation."

Travolta in GAY COURT VICTORY!

NA legal triumph for John Travolta, the actor will not be forced to face off with a former gay lover in court, The National ENQUIRER has learned.

A civil suit filed against the 61-year-old "Grease" star filed by Doug Gotterba was set to go to trial on Aug. 7 in Santa Barbara, Calif.

But a court document obtained by The ENQUIRER shows the legal action was halted a week earlier.

According to the papers, the case was dismissed "with prejudice" after Doug's lawyer filed a petition on July 31 to end the proceedings.

Doug, 65, had worked as John's pilot in the 1980s. He's battled for two years to publish a book, "Travolta Exposed," about their alleged homosexual relationship, which Doug said went on for six years before John married actress Kelly Preston.

The ENQUIRER exclusively reported details of the affair in 2012, but John's lawyers fought the book's publication, claiming that Doug was violating a previously signed confidentiality agreement.

But the case is now settled, with a source telling The ENQUIRER: "As far as John's concerned, it's all been put in the closet."

Bobbi Kristina's FINAL HOME

THE National ENQUIRER snapped this world exclusive photo of Bobbi Kristina Brown's final resting place as new claims were made against her fiery boyfriend by the family of Whitney Houston's late daughter!

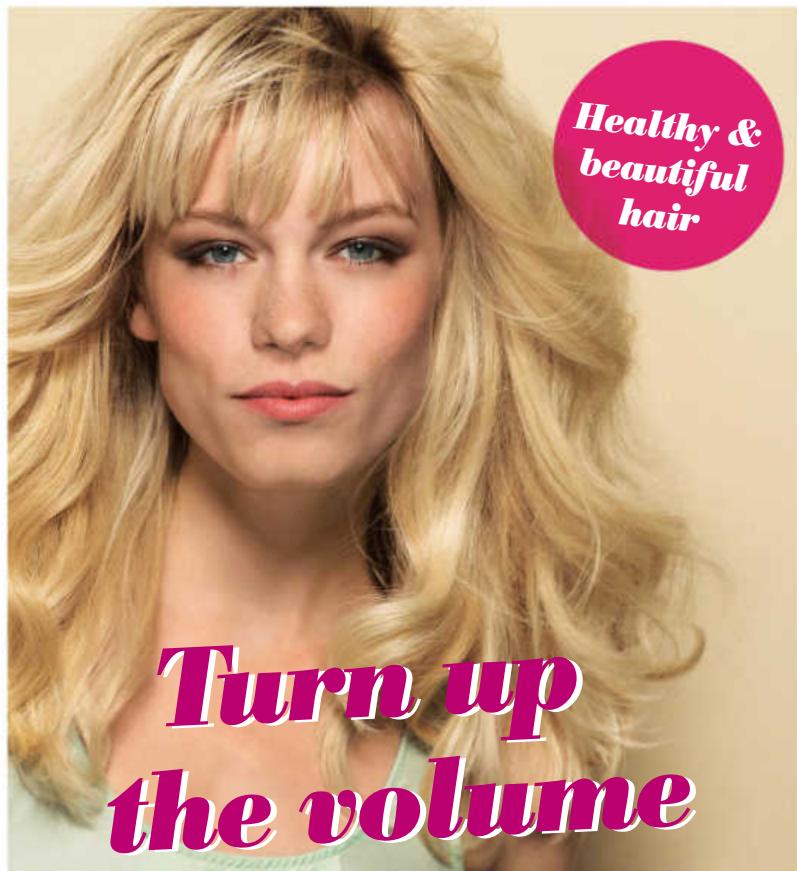

On Aug. 7, an amended lawsuit filed by Bobbi Kristina's conservator alleges Nick Gordon gave her a "toxic cocktail," and then put her facedown in a bathtub of cold water.

The documents claim Gordon returned from an "all-night cocaine and drinking binge" at around 6 a.m. on Jan. 31. Then, he engaged Bobbi Kristina in an argument in their kitchen. The dispute moved to their upstairs bedroom where he accused Bobbi Kristina of cheating. After 30 minutes, he allegedly gave her a substance that rendered her unconscious, and he placed her in the tub. As The ENQUIRER went to press, he had not been charged by police.

"Krissi" was laid alongside her mother, Whitney Houston, on Monday, Aug. 3, following her death on July 26. **NE**

GLOBE-trotting movie star and activist Angelina Jolie – anemic and facing the specter of her cancer returning – is on the brink of death!

Literally wasting away right before the eyes of her grief-stricken family and the entire world, her condition is so grave husband Brad Pitt and their six children fear she will be dead within a few years.

Angie, 40, refuses to eat and has deteriorated to a mere 83 pounds, insiders told The National ENQUIRER.

Shocking photos show the star's saggy, haggard skin, and her hair is falling out.

"She looks cachexic – pale and exhausted," Dr. Stuart Fischer, a prominent New York internist, told The ENQUIRER.

Cachexia, or wasting syndrome, includes weight loss, muscle atrophy, fatigue, weakness and loss of appetite – and it dramatically

increases the chances of death from any underlying condition.

A medical expert told The ENQUIRER cachexia physically weakens patients to the point of immobility. And, most terrifying of all, response to standard treatment is usually poor.

"It's a positive risk factor for death!" said the expert.

"Angie is driving herself to an early grave," said an insider close to the Oscar-winning beauty.

"She's wasting away, not eating and pushing herself beyond the limit!

"Her eyes are sunken in, and her veins and her bones are bulging. She looks like a walking corpse!"

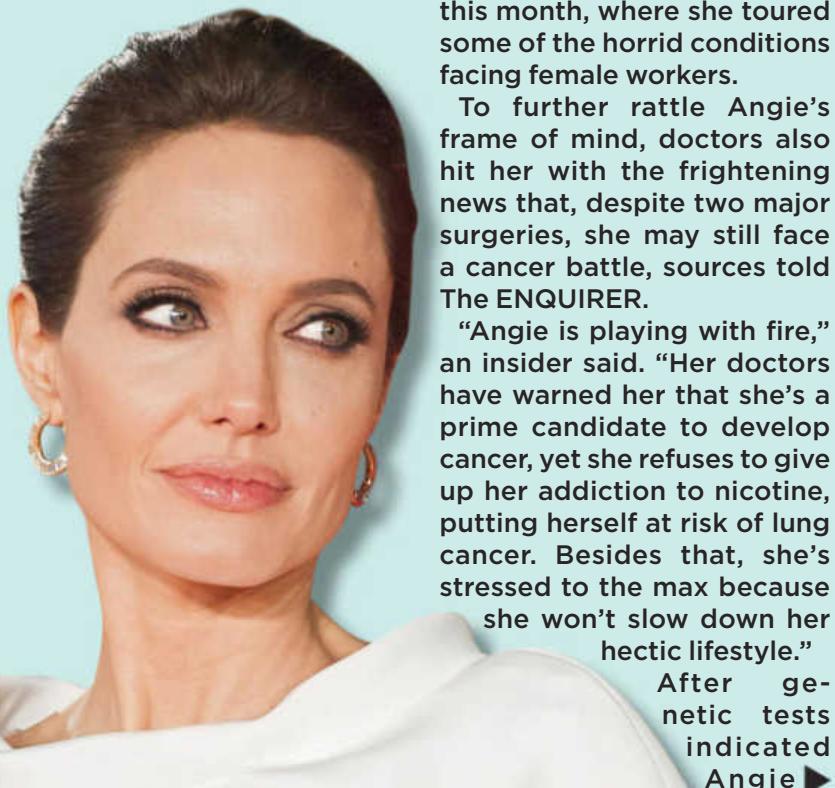

A BIG PART of the problem: Angie is focused on her work on behalf of the U.N. and refugees around the world – and not on her own well-being.

She was on a humanitarian trip to Myanmar earlier this month, where she toured some of the horrid conditions facing female workers.

To further rattle Angie's frame of mind, doctors also hit her with the frightening news that, despite two major surgeries, she may still face a cancer battle, sources told The ENQUIRER.

"Angie is playing with fire," an insider said. "Her doctors have warned her that she's a prime candidate to develop cancer, yet she refuses to give up her addiction to nicotine, putting herself at risk of lung cancer. Besides that, she's stressed to the max because she won't slow down her hectic lifestyle."

After genetic tests indicated Angie ►

had a high risk of breast and ovarian cancer, the mother of six had a double mastectomy in 2013, telling her family she didn't want to die. Since then, she's also had her ovaries and fallopian tubes removed.

However, "these days Angie seems to be flirting with death," a second inside source said.

"Sometimes she goes a whole day without eating a solid meal, and other days she sleeps until late afternoon because she's so worn out."

"Friends worry that she could have as little as two years left to live."

THOSE FEARS are totally realistic, doctors agree. Based on information Angie has provided publicly, an independent longevity analysis conducted by The ENQUIRER showed the star may not live to see her 42nd birthday on June 4, 2017.

Medical experts, who have not treated the actress, warn that 5-foot-7 Angie ideally should weigh between 130 and 140 pounds.

Angie's body mass index "is well below normal," Dr. Arthur Wisot, clinical professor of obstetrics and gynecology at UCLA, told The ENQUIRER.

"When you are very thin, you can burn through physical en-

Angie, Brad and the kids caught a flight together in June

ergy, as well as emotional and mental energy, very quickly," Tara Gidus, team dietitian for the Orlando Magic basketball team, explained to The ENQUIRER.

She also has an increased risk of "heart disease, the No. 1 killer of women," Dr. Gabe Mirkin, co-author of "The Healthy Heart Miracle," said.

TO FURTHER complicate matters, Angie's latest surgery triggered early menopause - and new physical and emotional problems.

"Angelina has said she's taking hormone replacements, but declining hormone levels can contribute to hair loss and weight loss," Dr. Jerome Spunberg, a board-certified radiation oncologist in Palm Beach

Gardens, Fla., told The ENQUIRER.

Angie displayed a distinct bald patch on April 3 in Los Angeles.

"The kids see Angie's hair loss and how sickly she looks, and it scares them to their core," according to the source.

"They've asked Brad if Mommy is going to die. He tells them, no, that their mother went to the doctor to fix things so she won't die.

"But it's a frightening time for them. Until Angie gets serious about her health, her kids - as well as Brad - live in fear that she'll be dead within a few years!"

"Her charity work is praiseworthy but, her health can be imperiled," said Dr. Fischer. "Please slow down, Angelina. The world needs you!"

Blotto Bill!

FUNNYMAN Bill Murray is drinking himself to death - but George Clooney is fighting to change the comic's bizarre behavior!

"Bill's been waging a battle with the bottle for years," one longtime colleague told The National ENQUIRER. "Now it looks like the bottle is winning!"

Lately, the "Ghostbusters" icon, 64, has become known for drunken antics that have been dismissed as innocent carousing.

George, 54, and Bill have hosted wild parties at their mansions, but now the newlywed is intent on setting an example.

"He's worried about Bill's drinking for years, but now George feels he has to do something about it," said a close friend of both stars.

The "Gravity" star reportedly decided to intervene after a humiliating TV appearance in May, when an admittedly drunk Bill fell off his chair on MSNBC.

Said the pal: "When George saw Bill slur his way through that interview, all his worst fears were confirmed."

BLUSHING PREGNANT

- Aniston's amazing secret at surprise wedding
- Justin had to sign \$120M 'no cheating' prenup
- Guests thought they were at a birthday party

JENNIFER Aniston refused to marry Justin Theroux until he signed an ironclad \$120 million prenup, The National ENQUIRER has learned in a bombshell world exclusive.

In the secret agreement, Justin solemnly promised Jen he would not cheat or do drugs, sources said.

But insiders told The ENQUIRER that when the two said "I do" on Aug. 5 at their \$22 million Bel-Air mansion, Jen might have been hiding an even bigger secret - friends think she could be pregnant - with twins!

"Jen may be 46, but she's super fit and in tremendous

shape," said an insider.

"She may have been hiding a baby bump on her wedding day, and there's even talk she could be in the family way with twins!"

THE NEXT morning the couple jetted off for Bora Bora, and an eyewitness checked out the blushing bride's usually svelte figure.

Revealed the source: "Jen looked like she could indeed be preggers! Her striped shirt seemed to be protruding in the belly."

The newlyweds had been engaged for three years, and a pregnancy may have finally forced their long-postponed wedding to

WORLD EXCLUSIVE

9 LOVERS WHO BAILED!

BY THE ENQUIRER's count, Justin is the lucky 10th man in Jennifer's life - here are the previous nine who struck out:

Adam Duritz (1995) Jennifer dated the singer, who went on to date her "Friends" co-star and pal Courteney Cox.

Tate Donovan (1995-1998) The "Damages" star was Jen's main squeeze for three years. They were even said to be engaged!

Paul Rudd (1998) Things didn't work out for "The Object of My Affection" co-stars but they worked together in 2012.

Brad Pitt (1998-2005) The pair married in 2000, but called it quits after Brad fell in love with Angelina Jolie!

Vince Vaughn (2005-2006) The "Wedding Crashers" star came into her life while they filmed "The Break-Up."

BRIDE JEN WITH TWINS!

become a reality, according to the insider.

As The ENQUIRER reported in last year's Dec. 22 issue, the former "Friends" star was undergoing fertility treatments in hopes of having twins.

Before that, Jen and Justin put their baby plans on hold while she filmed the drama "Cake," and he worked on HBO's "The Leftovers."

But sources said that, within the past year, the couple renewed their focus on starting a family.

STILL, SOURCES said Jen put off the nuptials until Justin agreed to the strict prenup.

"That was to ensure that he doesn't stray or relapse!" said the source.

As The ENQUIRER reported in 2012, Jennifer was furious with Justin after learning he was still carrying on with ex-girl-

friend Heidi Bivens.

Justin dated the beautiful costume designer for 14 years before dumping her to hook up with Jen.

"In Jennifer's book, what

Jen seemed to be concealing her shape under a loose tank top

Justin did was cheating. He was going behind her back to maintain ties with his ex," said a close source.

"She was furious and read him the riot act."

The prenup also serves to prevent Justin from falling

back into his dangerous druggie past, which included reported battles with heroin and cocaine.

As The ENQUIRER reported in 2011, Jen stood by Justin when he confessed to using those drugs 15 years earlier.

Calling the prenup "an insurance policy," the source said: "It's an incentive for Justin to make sure it never happens again!"

MEANWHILE, the couple managed to pull off a wedding for 80 of their closest friends without anyone suspecting what was to come!

When guests arrived, they thought the evening promised a surprise 44th birthday party for Justin.

Added the source: "It's been a long time coming, but Jen may finally have found happiness – and the joy of motherhood could soon follow." **NE**

Paul Sculfor (2007)
Jen began dating the British boxer and model after they met while in the company of Courteney.

John Mayer (2008)
After dating for a year, the guitar player said he ended it because something was missing.

Bradley Cooper (2009)
While filming "He's Just Not That Into You," Jen and Bradley shared several flirty dinner dates.

Gerard Butler (2009)
They met while filming "The Bounty Hunter" after Bradley dumped her, but the stud cut her loose.

Brazil Expedition Uncovers Thousands of Carats of Exquisite Natural Emeralds

Brandish a whopping 50 carats of genuine South American emeralds in a handcrafted new necklace design for less than \$100!

Halfway into our ambitious trek through the rain forest I had to remind myself that "Nothing good comes easy." These days it seems that every business trip to Brazil includes a sweltering hike through overgrown jungles, around cascading waterfalls and down steep rock cliffs. But our gem broker insisted it was worth the trouble. To tell you the truth, for the dazzling emeralds he delivered, I'd gladly go back to stomping through jaguar country.

Now our good fortune is your great reward. Don't miss this rare opportunity to own an impressive 50 total carat strand of genuine South American emeralds for under \$100.

Faced with this embarrassment of riches, our designer transformed this spectacular cache of large stones (each is over 8 carats average weight) into a stunning 50 total carat necklace of faceted emeralds set into .925 sterling silver. Each emerald is surrounded by delicate sterling silver rope work and filigree in the Bali-style. The 18" necklace dangles from a sterling silver chain that fastens with a secure double-sided shepherd's hook clasp.

What is the source of our emerald's timeless appeal? The enchanting color of the Stauer Carnaval Faceted Emerald Necklace comes from nature's chemistry. Our polished and faceted, well-formed natural emeralds are immediately recognized as something special. Indeed, when we evaluated these emeralds, color was the most important quality factor. Today, scientists tell us that the human eye is more sensitive to the color green than to any other. Perhaps that is why green is so soothing to the eye, and why the color green complements every other color in your wardrobe.

Emeralds are, by weight, the most valuable gemstone in the world. Now you can wear genuine emeralds and feel great about knowing that you were able to treat yourself to precious gems without paying a precious price. A top-quality 50 carat emerald necklace found on Rodeo Drive or 5th Avenue could cost well over \$100,000...but not from Stauer. Wear and admire the exquisite Stauer Carnaval Faceted Emerald Necklace for 60 days. If for any reason you are not dancing the Samba with pure satisfaction after receiving your faceted emerald necklace, simply return it to us for a full refund of the purchase price. But we're confident that when you examine this stunning jewelry, you'll be reminded of the raw beauty of the Amazon rain forests mixed with the flash and dazzle of the exotic Carnaval in Rio de Janeiro. Call today! This cache of genuine emeralds is extremely limited.

Eminem left me homeless!

**Millionaire rapper's sister-in-law
sleeps behind a dumpster!**

HE'S worth \$170 million, but rapper Eminem has left his wife's twin sister to die on the street!

And not only that, she has also claimed he's a wife-beater, a cheater and a liar!

Those are the bombshell allegations of Dawn Scott, who told The National ENQUIRER in an exclusive interview that she begged the "Real Slim Shady" to help her escape homelessness.

But the hip-hop legend - who grew up with Dawn on Detroit's gritty 8 Mile Road, and even adopted her daughter - has callously turned his back.

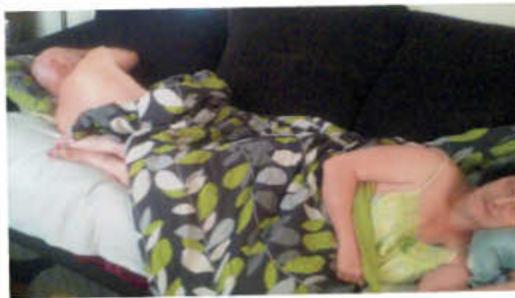

"I have a millionaire brother-in-law and a sister with money up the a--, but they're refusing to give me any help," Dawn told The ENQUIRER.

Slim Shady just got slimmer!

THE "Real Slim Shady" confessed that he ballooned to nearly 230 pounds while addicted to booze and pills.

The controversial rapper, however, is a lot slimmer these days!

After a drug overdose in 2007 put him in rehab, the Oscar-winning "8 Mile" star realized

"It's a betrayal. He's been part of our family since he was 15!"

Worse, said Dawn, Eminem, 42 - who divorced her sister, Kim, twice and has a daughter, Hailie, with her - has hit his wife!

"He hit my sister on-and-off," Dawn, 40, told The ENQUIRER.

"One time he did it in front of me, and I started choking him. He called his security, but they refused to intervene."

According to Dawn, that fight occurred in 2006, just before

he needed to shed the excess pounds.

"When I got out of rehab, I needed to lose weight, but I also needed to figure out a way to function sober ... So I started running. It was perfect," he has said.

At one point, Eminem was running up to 17 miles a day on a treadmill, and shrank to a super-slim 149 pounds. The 5-foot-8 singer has since kicked his addiction and swapped the treadmill for workout DVDs.

But our guess is he could still do a few laps on 8 Mile Road! **NE**

to their other house to surprise him," Dawn said.

"But Kim's the one who got surprised, because Marshall was fooling around with his life coach!"

But since 2014, Dawn - who has battled drug addiction - has bounced from couch to couch and spent nights sleeping on the street - even bunking behind a dumpster.

"One night I called my sister and told her I had nowhere to go," Dawn recalled. "She said, 'That's not my problem. Don't bother me,' and hung up."

Dawn signed over custody of her daughter, Alaina, to Eminem, with the understanding he'd let her "talk to my daughter on weekends, but Marshall never allowed me to do that."

HE'S SCARED HUNKS WILL LURE HER AWAY!

MELISSA McCarthy lost 50 pounds in just months, and now sources fear the "Bridesmaids" star is set to shed her husband!

But getting divorced from Ben Falcone, 42, could take a huge bite out of the 44-year-old actress' big \$145 million fortune!

"Melissa's a far cry from the struggling comic that Ben met years ago," said a source.

"Now she's a Hollywood superstar, and she's determined to become more attractive by the minute!"

"Ben loved Melissa just the way she was – but since she's lost weight, he is aware that other men are taking notice.

"He's worried about hunks trying to lure her away. That's never been good for a marriage!"

The couple met in 1998 while studying improv at the Groundlings Theatre in Los Angeles. They married in 2005, and have two daughters.

"Ben's worked on a lot

of Melissa's projects," the source dished.

"She's made sure to involve him in her work as much as possible, but she's clearly the family breadwinner!"

Media sources claimed Melissa is currently Hollywood's top-earning actress. She rakes in \$20 million a year for her Emmy-winning role on TV's "Mike & Molly," and earns over \$20 million a film!

Even "Tammy," the critically panned 2014 clunker that her husband directed, grossed over \$100 million worldwide!

One reviewer blasted the film as "quite possibly the hottest mess of the year."

Added a source: "Melissa and Ben fought over that project.

"She wanted to go in a different direction, but Ben was determined to make the movie the way that he wanted. There was a lot of head-butting."

For now, Melissa is set to fatten her bank account even more with her starring role in the upcoming "Ghost-

Meanwhile, the star of "The Heat" dropped hints about her feelings when her slimmed-down figure turned heads at June's "Spy" premiere.

A source revealed: "Melissa was asked what her secret was for losing weight.

"She said: 'Just crying a lot ... I'm crying off the pounds.' She joked and laughed, but it was a strange thing to say."

Couples are clashing like crazy!

TWICE MARRIED, double the pain!

THE second time around hasn't been a bed of roses for Marie Osmond and husband Stephen Craig!

Their first marriage blew up in 1985 after three years. The couple remarried in 2011 – but pals fear they're headed for another divorce!

"The marriage has had problems ever since the second time they said 'I do,' putting Marie's \$20 million net worth at risk," said a family insider.

Marie, 55, has been feeling the strain of being the family breadwinner, dished the source – just like the entertainer's failed marriage to music producer Brian Blosil!

A source told The National

ENQUIRER Marie is still haunted by the physical abuse she suffered during her 1986 marriage to Brian.

Before their divorce in 2007, the couple had seven adopted and biological children together.

The ENQUIRER has reported that during her "living hell" marriage to Brian, he pushed her down the stairs and struck her.

She also blamed Brian for the suicide of their 18-year-old son Michael, who jumped to his death from a high-rise apartment building in Los Angeles in 2010.

"All the abuse she suffered at the hands of Brian only add to

her misery with Stephen," according to the source.

"She is literally working herself to death."

"Stephen's begged Marie to slow down, but she can't."

"She asked: 'If I don't bring home the bacon, who will?'"

THE JOKE THAT TURNED INTO REALITY

THE dirtiest divorce in country music has \$100 million at stake – as Blake Shelton and Miranda Lambert count up lots of illicit lovers! The ENQUIRER recently revealed at least 13 hunks and hotties who tore the couple apart!

Blake, 39, is linked to ladies including Scarlett Johansson, Cher and Christina Aguilera.

MIRANDA & BLAKE

Miranda, 31, reportedly cheated with Blake's best friend, Jamey Johnson, baseball player Josh Beckett, and former concert-opener Chris Young, who denied the affair on Twitter.

Two years ago, the couple mocked an ENQUIRER cover that declared: "Blake and Miranda's \$100 Million Divorce!" Blake tweeted at the time: "Who knew you could make so much money just by divorcing?"

"Blake's not laughing now!" said a source. ▶

\$1.5 BILLION DIVORCES!

Cross-dressing affair was too much to bear

HERE'S "No Doubt" divorce lawyers will cash out big-time with Gwen Stefani's divorce from Gavin Rossdale!

The rock star couple will split a combined \$115 million fortune – and The ENQUIRER can now reveal their nearly 13-year marriage collapsed over Gavin's torrid gay love affair!

Gwen, 45, couldn't get over Gavin's admission that he romanced cross-dressing rocker Peter "Marilyn" Robinson in the 1980s, and it drove a wedge between them!

"[Gwen] didn't want to know or acknowledge certain things about [Gavin]," Marilyn told The ENQUIRER. "She wanted to edit his past and he wanted to as well."

When Marilyn revealed their relationship in 2009, Gavin – London-born frontman for the rock band Bush – initially denied it. A year later, Gavin admitted his denial was a lie.

"He called our relationship

an experimentation, indiscretion of youth," Marilyn sniffed. "Our experiment went on for five years!

"If you don't live in your own truth, whatever it may be, how can you be happy? You're not at peace with yourself."

The couple's marriage was also rocked by the 2004 news that 49-year-old Gavin fathered a love child, Daisy Lowe, with his ex-girlfriend, fashion designer Pearl Lowe.

Gwen cited "irreconcilable differences" when she filed for divorce on Aug. 3, and indicated she doesn't want to pay spousal support.

line, L.A.M.B., and is reportedly worth an estimated \$80 million, while Gavin's bank account is \$35 million.

They reportedly have no prenup, and will seek joint custody of their sons – 9-year-old Kingston, 6-year-old

Zuma and 1-year-old Apollo.

Marilyn added: "Gwen wants [Gavin] to be something he's not, and he wants to be something he's not. That's my interpretation. I'm very sad for all parties involved, mostly the children."

Living SEPARATE LIVES across 2 continents

THE third time hasn't been the charm for Halle Berry! The "X-Men" hottie is on the verge of splitting from third husband, French actor Olivier Martinez, any day – setting up a \$100 million divorce battle!

"Olivier hates living in L.A., and spends much of his free time in France," a source said. "They've been separated over five months, and are living separate lives."

Geography isn't the only problem plaguing the couple, who have a son, Maceo.

Hotheaded Olivier, 49, was caught on video in January smacking an airport worker with

**HALLE & OLIVIER

Maceo's car seat. After that, Halle, 49, reportedly ordered him into counseling.

But as The ENQUIRER reported, a family friend said: "It seems Halle and Olivier have finally hit the end of the road!"

The divorce promises to be a monster fight with Halle's fortune estimated at \$80 million, and Olivier's at \$20 million. Even worse, a looming custody battle for Maceo is causing Halle to live "her worst nightmare," claimed our insider.

"Olivier's threatened to take Maceo, and live in Paris for half of the year," the source said.

Clean break that just got messy!

PAULA Deen's threatened \$100 million divorce has boiled over – as she plans to add her husband's mistress to the mix!

The celebrity chef's marriage to Michael Groover "has been hanging by a thread for years," an insider told The ENQUIRER.

"Even though Paula gave him a mansion, Mike's still doing as he pleases with his other woman!"

As The ENQUIRER recently reported, Paula, 68, tried to avoid a messy divorce by gifting her husband with their 5,646-square-foot Savannah, Ga., mansion – worth an estimated \$1.3 million.

"But it just seemed to let Michael believe he could get away with whatever he wanted!" said the source.

Paula's marriage had already been rocked by reports that he had a longtime secret

mistress, as The ENQUIRER exclusively reported in 2013.

Top sources in Savannah claimed that 59-year-old Michael had carried on an intimate relationship with a sexy, middle-age brunette who has known his family for years.

He reportedly dropped by the other woman's house as "regular as clockwork," and the illicit lovers even slipped out to local bars together to have drinks with friends.

"It was no secret that Michael was having an affair," said a shocked resident.

"It went on for more than a year, and the only surprise is that it took Paula so long to find out about it!"

But now Paula is ready to drag Michael into court!

A family friend told The ENQUIRER: "Paula's even willing to call Michael's mistress as a witness!"

HUSH MONEY PAYOUTS TO THE NAUGHTY NANNY!

BEN Affleck's "Nanny-gate" scandal is costing him a whopping \$250,000, The ENQUIRER has been told.

The father of three is so anxious to keep details of his divorce from Jennifer Garner under wraps that he's stashed their former nanny, Christine Ouzounian, in a \$1,500-a-night suite at the ritzy Hotel Bel-Air!

"Ben's trying to make sure Christine keeps her mouth shut," a source revealed.

"It's going to cost him a quarter of a million dollars to

keep her at the Bel-Air for the next three months, but Ben's determined to keep her happy.

"In addition to the room tab, he'll spend another hundred grand for food, transportation, clothing, hairstyling, spa treatments and more!"

The "Gone Girl" hunk, 43, has hotly denied he had an affair with Christine, 28.

But in another twist to their rumored rendezvous, The ENQUIRER has obtained a photo showing the "Batman v Superman" star welcoming Christine to his Los Angeles

\$1.5 BILLION DIVORCES!

**BARBRA & JAMES
\$650 MILLION!**

HILLARY Clinton could get sweet revenge on rival Barbra Streisand - by helping to blow up the diva's troubled 17-year marriage to James Brolin!

The former First Lady's "secret operatives" are after a sneak peek at what Barbra's upcoming autobiography reveals about her horn-dog hubby Bill, sources told The ENQUIRER.

Said a top source: "Hillary's determined to learn what Babs is writing about Bill. There's no doubt her team is ready to leak the manuscript early so it can't harm her at election time.

"That could be the final straw for Babs' long-suffering husband!"

The ENQUIRER has reported that the Emmy-winning actor - most famous for his roles in "Hotel" and "Marcus Welby, M.D." - fears Barbra's tell-all will embarrass him with juicy details of her many Hollywood lovers.

The book, due out in 2017, could detail reported romances with a Who's Who of Hollywood, including Elvis Presley, Ryan O'Neal, Kris Kristofferson, Jon Voight, Richard Gere and Warren Beatty - as well as tennis ace Andre Agassi, TV newsman Peter Jennings and "Miami Vice" star Don Johnson.

But the hottest gossip

Barbra and Bill Clinton have said they're just pals; she's been married to James, right, since 1998

could address Barbra's long-rumored affair with former President Clinton.

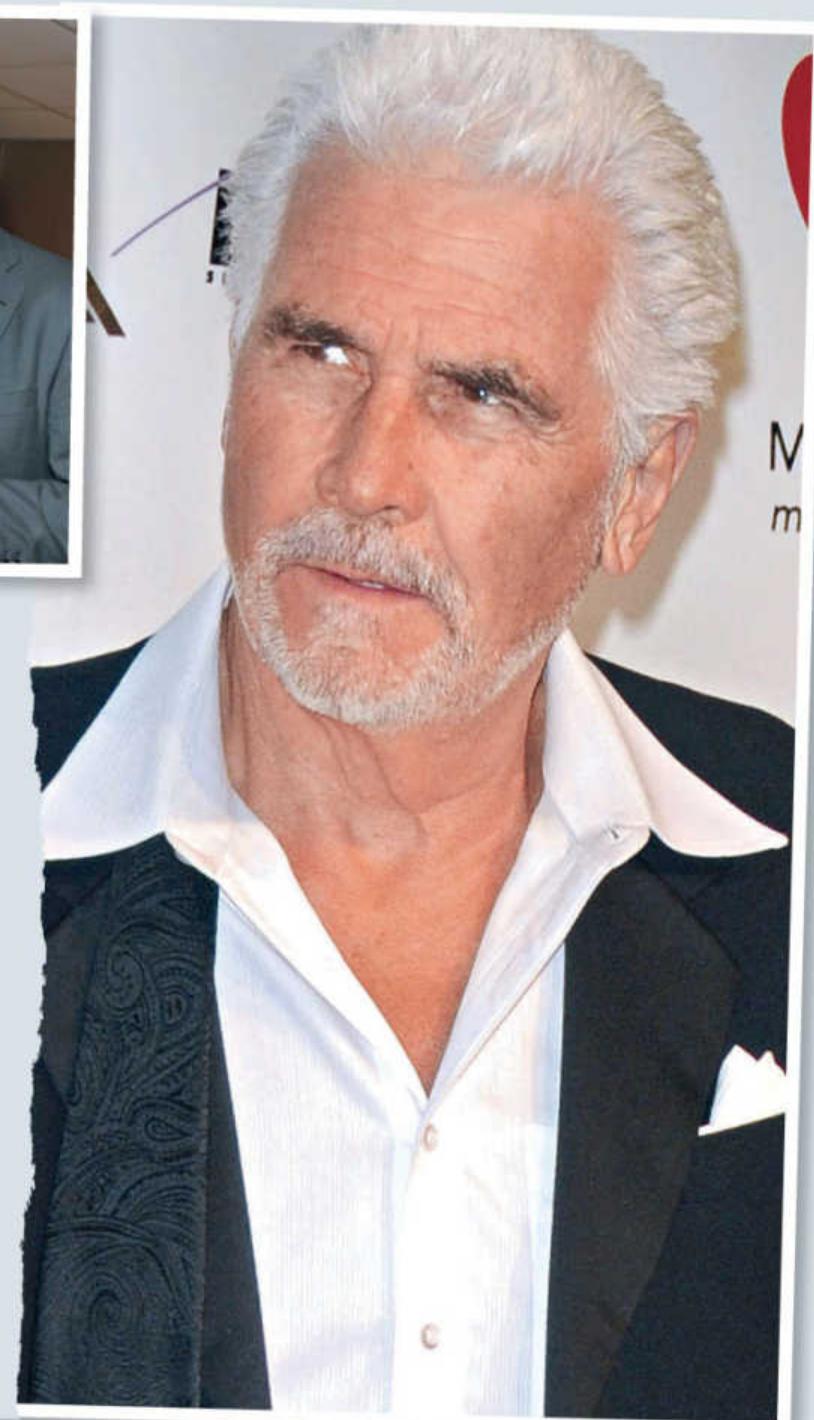

Barbra and Bill have claimed to be just friends, but The ENQUIRER previously reported that Hillary blew up when she learned Barbra had once spent the night at the White House when she was out of town.

Hillary viciously clawed Bill, leaving his face bloody - and then banned Barbra from ever visiting again!

Barbra, 73, is worth an estimated \$500 million, while 75-year-old James is worth upwards of \$145 million.

Said the source: "If Hillary's team leaks embarrassing secrets, it could send James running to his lawyer for a \$650 million divorce battle - and Hillary would have the last laugh!"

**REBA & NARVEL
\$65 MILLION!**

A SAD LOST CAUSE AFTER 26 YEARS

COUNTRY queen Reba McEntire's shock \$65 million split was no surprise to her famous daughter-in-law, The ENQUIRER has learned.

"Since U Been Gone" singer Kelly Clarkson - who's married to the son of Reba's estranged husband, Narvel Blackstock - desperately tried to help the couple reconcile, sources said.

A source told The ENQUIRER: "Kelly's real close to Reba, and she's secretly known about the breakup for months. She really believed that she could help keep her in-laws together, but Reba told her it was a lost cause."

Narvel has managed Reba's career for more than three decades - but the source said their marriage had been wrecked by infighting.

Another source told The ENQUIRER: "Their marriage apparently had become more

**Kelly and husband
Brandon, Narvel's son**

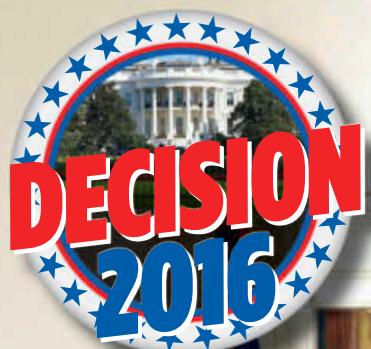

of a business than a romance.

"Certainly, it caught Kelly in the middle. Narvel handles her business affairs, and she and Reba are really like mother and daughter."

As The ENQUIRER has reported, Kelly's marriage to Brandon Blackstock has turned bumpy as her weight has soared to over 200 pounds since giving birth to 14-month-old daughter River Rose.

Added the second source: "When the going gets tough, at least Reba and Kelly will always have each other's shoulder to cry on!" **NE**

The Presiden

I AM THE only one who can make America great again!

We are in serious trouble - economically, and from a security perspective - and we need leaders who are intelligent, truthful and tough in order to negotiate deals with countries like Mexico and many others.

America is being laughed at by the rest of the world - and things must change before it's too late.

Today, Americans feel as if we're the whipping post for other countries.

We will not be a great country in the not-too-distant future if we don't change our ways!

I am definitely a different look. I'm not prepackaged.

I'm not plastic. I'm not scripted. And I'm not "handled." I tell you what I think.

I am going to talk straight about taxes, social security, health care, our foreign policy and terrorism.

Get ready for facts and answers you won't get from today's politicians. I may shock you, I may surprise you. But I'm going to tell it to you straight.

I run a corporation worth billions. I have created thousands of jobs.

I make decisions every day that affect the livelihood of thousands of people. I have to keep a constant eye on the bottom line to make sure my company is efficient and

Perhaps it's time that America was run this way.

But as she's watching political news on television and seeing all the things that are wrong with our country, she looks at me and says, "Darling, you know you'd win if you ran, don't you? People really need you. I see it on the streets."

Our children's futures are on the line - and we have to come through for them.

The Obama administration left us a total economic disaster. We have to get tough so our country can be great again. And we have to get respect again on the world stage.

HAVE A GREAT LATE SUMMER STAYCATION!

Hot tips for having fun in the sun on the cheap

TIMES are tough – and that means you need a vacation more than ever!

But after adding up the cost of airfare, hotel rooms, gas, food, souvenirs and more, getting away may be too rich for your blood!

The good news is that with

a “staycation,” you can have just as much fun and enjoy yourself without having to leave home or break your bank account.

You just need some creativity and smart planning. Here’s a stay-at-home road map to finding your own ultimate staycation!

■ GET WET ‘N’ WILD!

It's summer – the perfect time to pack up the kids and hit the beach! If you don't live near a lake or the shore, a pool or water park can offer just as much fun. If you don't have the cash or motivation to hit a local watering hole, set up a slip-and-slide in the backyard and open a water park of your own!

■ SET A BUDGET!

You're not splashing out a small fortune on travel expenses, so put aside the money you've saved for local adventures and activities.

■ SEE THE LOCAL SIGHTS!

Most folks don't take advantage of the great destinations in their own hometowns. Whether it's a museum, recreational park, wilderness trail or historic landmark, it's right there, just as much for your enjoyment as any tourist's!

■ HOST YOUR OWN FILM FESTIVAL!

Pick a theme like “Summer Blockbusters” or “Superheroes,” and let each family member select his or her favorite movies. Stock up on snacks, invite friends over, and kick back for a fun and full day of watching all your big-screen faves.

■ CAMP OUT ... IN THE BACKYARD!

Enjoy the great outdoors without ever leaving your home! Pitch a tent in the backyard and throw in some sleeping bags. Get some hot dogs, along with all the fixings for a barbecue – and don't forget the s'mores! Then grab a seat on the ground under the stars and enjoy a sing-along. No video games allowed!

■ TAKE THE KIDS TO AN AMUSEMENT PARK!

This might cost a little extra dough but if it's within your budget, the day will provide a bonding experience for the family and make everyone feel as if they're far from home.

■ TREAT YOURSELF!

Set aside some of the money you've saved by staying home to do something really special! Wives can go off to a spa or the mall, and husbands can grab the guys to go enjoy a day of golf. When you both get home, make a reservation for dinner together at a special restaurant. You earned it! **NE**

How to handle an asthma attack

WHEN you see someone having an asthma attack, you should react with something more than panic. Typical symptoms include shortness of breath, chest pain and fatigue. If the victim is a loved one, make sure you're familiar with his or her medication, and which triggers or allergies may induce an attack. Know if it's appropriate to administer medication when symptoms appear. If the victim doesn't experience relief with medication or an inhaler within 10 minutes, get the sufferer to the ER.

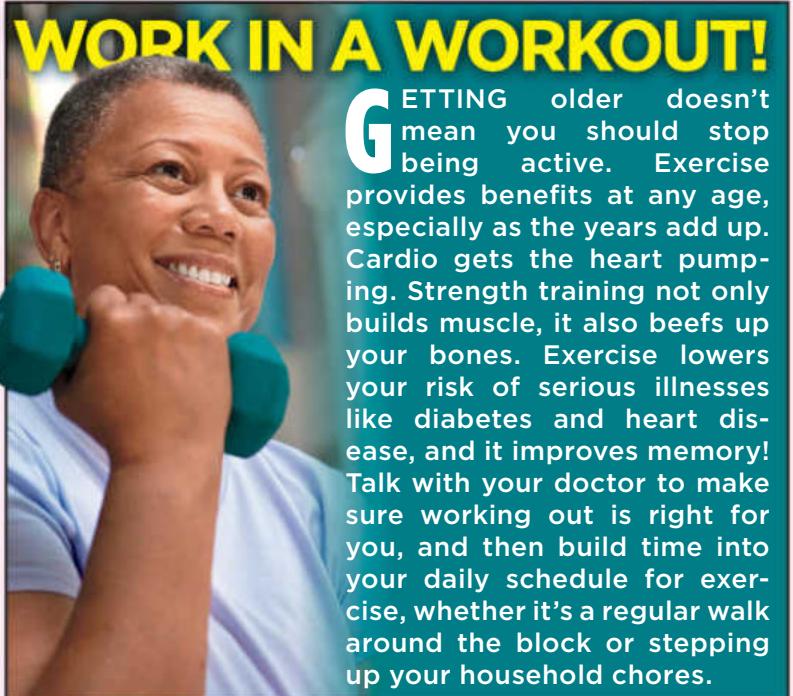

LEARN ABOUT LEGIONNAIRE'S

AN OUTBREAK of Legionnaire's disease in New York has rattled the public, but the disease is treatable. Between 8,000 and 18,000 cases occur in the U.S. each year, with 5 percent to 30 percent being fatal. Legionnaire's is a severe form of pneumonia caused by bacteria. It's not transmitted from person to person, but rather by breathing infected mist, or through plumbing, hot tubs and other communal water sources. It's treated with antibiotics, and early treatment is best.

CDC scientist puts red flags on vaccinations!

A NEW book by Dr. William Thompson, a former senior scientist at the Centers for Disease Control and Prevention, charges that the organization used an incomplete sample in a study that concluded the MMR vaccine "doesn't cause autism," burying data that showed a link between the vaccine and African-American children. The book, "Vaccine Whistleblower," says it details internal CDC conversations that conclude the incomplete data should result in further research before the public accepts it. The book also claims that flu vaccinations containing mercury cause tics in children.

GETTING older doesn't mean you should stop being active. Exercise provides benefits at any age, especially as the years add up. Cardio gets the heart pumping. Strength training not only builds muscle, it also beefs up your bones. Exercise lowers your risk of serious illnesses like diabetes and heart disease, and it improves memory! Talk with your doctor to make sure working out is right for you, and then build time into your daily schedule for exercise, whether it's a regular walk around the block or stepping up your household chores.

DOSE WORKOUT DANGER WITH WATER

WATER should play a key role in any workout. It keeps your muscles primed, blood flowing and the nerves in your brain firing. Plan to drink before, during and after a workout to enhance performance. If water isn't available, an orange, celery, a cucumber or even a bell pepper can help you replenish vital fluids. Outdoor workouts require additional hydration to help limit sun damage. Signs of dehydration include muscle cramps, dizziness, fatigue and swollen limbs. If you recognize any of these, immediately consult a doctor.

REDUCE YOUR RISK OF CANCER!

CANCER has no cure, but you can reduce your risk of developing many types of cancer with lifestyle changes. Avoiding overexposure to the sun, ditching cigarettes, cutting back on booze, watching your diet and maintaining a healthy body weight all help in that regard. But it's also important to get screening tests for breast cancer after age 40, colonoscopies after 50 and regular check-ups throughout your adult life. Early detection is the most effective way to fight cancer!

Hollywood's hottest feuds!

VIEWERS of "America's Got Talent" have noticed serious tension between judges Howie Mandel and Howard Stern!

"Once the cameras stop running, they are done with each other," an insider told All The Buzz.

Howie vs. Howard!

Things finally got exasperating enough that the shock jock announced this season of "AGT" would be his last - leaving his fellow judge relieved after years of Howard being judgmental.

"Howard has never been Howie's biggest fan, but he pretty much ignored

him most of the time," divulged the source.

But that was before Howard got infuriated over Howie's love for diminutive bad singer Big Barry last season, and his complaints that Howie

had been too tough on a young contestant.

"They finally had words, and Howie told Howard to mind his own business!" said the source. "But Howard just laughed it off." Now Howard is looking to gloat as "AGT" tries to get by without him.

Added the insider: "He's convinced that without him, the show would've been canceled already!"

THERE'S no double dating for "Magic Mike XXL" stars Channing Tatum and Joe Manganiello - because there's no magic between their gals Jenna Dewan-Tatum and Sofia Vergara!

Channing's actress wife and Joe's "Modern Family" fiancée were carefully separated during the summer hit's promotional duties, sources told All The Buzz.

"The guys arranged to all go out together before the movie tour got underway," said the insider.

"But the night was a real disaster! Sofia was rolling her

Sofia vs. Jenna!

eyes at virtually everything Jenna said, interrupting her the whole time.

"Jenna felt like Sofia was just determined to give Joe all her attention - and acted like she and Channing weren't even

there!"

Another source said: "The promotional tour was a nightmare in terms of keeping the women apart, and Channing and Joe are disappointed their ladies can't get along.

"Now the guys want to hang out again, and they haven't given up on salvaging the situation - but it's not going to happen without a major effort on both sides!"

CHANGING FACE OF FAME **MICK JAGGER**

"I'D RATHER be dead than singing 'Satisfaction' when I'm 45," said Mick Jagger in 1975 - but at 72 he's still filling stadiums with the Rolling Stones this summer!

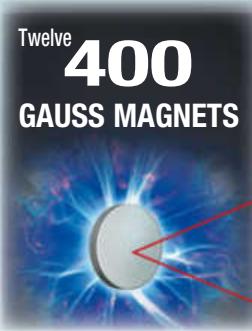

Mick's long career has taken him from being a mild-mannered art student to a legendary entertainer who's romanced the likes of Angelina Jolie, Farrah Fawcett and a few thousand more!

'Big' move

SITCOM nerd Johnny Galecki bought an action star's bachelor pad!

As soon as Jason Statham put his L.A. villa on the market to settle down in Beverly Hills with model girlfriend Rosie Huntington-Whiteley, "Big Bang Theory" star Johnny snapped up the estate for a mere \$9.2 million.

Johnny has room for entertaining, too. Redfin agent Alec Traub said: "The beautiful 1929 estate has a library, home office, gym and an outdoor space with a tile fountain and a swimming pool!"

Paul babysits Babs 'when she's 85'

AFAMILY feud has Barbara Walters relying on a Beatle in her old age! The legendary journalist introduced her second cousin Nancy Shevell to Paul McCartney at a dinner party, and the now-happily married couple live just blocks from Barbara's Manhattan home.

"Babs' daughter Jacqueline [Guber Danforth] is still in Florida and at odds with her mom," said a source.

"So now, Nancy and Paul are planning to lend Barbara a helping hand!"

Barbara, 85, is only 12 years older than the famous husband of 55-year-old Nancy.

"Paul is still excited about regularly breaking bread with Barbara at her favorite eateries," said the insider, "and he plans to be strolling with her through Central Park!"

MALIA CATWALK CONTROVERSY!

BARACK Obama is out to veto the First Daughter's dream of being a supermodel!

The 17-year-old already stands a statuesque six feet tall, and the ambitious beauty is hooked on TV shows like "America's Next Top Model" and "Project Runway."

"But Barack is horrified that Malia is talking about being a model," a D.C. insider told All The Buzz.

"He's always wanted for both of his daughters to have traditional careers - like lawyers or doctors!"

The First Lady doesn't agree, though.

"Michelle loves the glamour of the fashion world," dished the source, "and she thinks Malia could even be a movie star!"

The fashion industry thinks so, too.

"Malia would be an instant cover girl!" gushed an insider at Storm Model Management.

Classic ENQUIRER

THIS was a bad week for Frank Sinatra in 1979 - as The ENQUIRER revealed that Frank Sinatra Jr. had a child out of wedlock! Frank Jr. would keep The ENQUIRER busy with his exploits - we also later shared how all four of his illegitimate kids were left out of his dad's will when Frank Sr. passed away in 1998!

Megan's Shia-shy!

SHIA LaBeouf's old "Transformers" co-star Megan Fox is on the run from the angry actor!

The troubled young star recently made headlines while ranting about how he "would have killed" girlfriend Mia Goth after a recent fight.

The altercation was caught on video - along with Shia then bizarrely trying to reach out to Megan via online chat!

"Megan's trying to protect herself from Shia," said a source.

"She changed her social media account passwords and her phone numbers to be sure he can't contact her!"

Shia, 29, should also stay away from Megan's husband - former "90210" star Brian Austin Green.

The insider added: "He thinks Shia's totally toxic, and doesn't want him anywhere near his family!"

ELVIS® '68 COMEBACK!

King of Rock and Roll® inspired by
his 1968 television special.

A Limited Commemorative Edition!

After nearly a decade of making movies, Elvis Presley® longed to again play his music live for fans. So NBC aired a one-night-only special that became one of the most critically acclaimed music programs of all time — *Elvis: '68 Comeback Special*.

Inspired by this event, Graceland-licensed artist Joe Petruccio captured one intimate moment in a stirring two-toned painting. Now Hamilton shares it with you as a rare, limited edition figurine, "Elvis Presley's '68 Comeback Platinum Edition."

Meticulously handcrafted and painted by hand!

Master Craftsmen individually craft every detail by hand — from the strings on Elvis® guitar to the creases in his "leather" outfit ... from the casual chair and microphone to his smoldering good looks. Then using only duo-tone paints — metallic platinum and glossy black — artisans hand-paint each figurine so no two are ever alike. Your figurine is as one-of-a-kind as the King of Rock and Roll®.

Hand-numbered and strictly limited to 95 casting days, "Elvis Presley's '68 Comeback Platinum Edition" is yours for four installments of \$24.99*. **Send no money now.** You will be billed only your first installment prior to shipment. Your satisfaction is guaranteed or your money back!

*Plus a total of \$13.00 for shipping and service. Deliveries to FL and IL will be billed appropriate sales tax.

HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

Human torch Jamie "shoots the barrel" while executing a sick stunt for his Red Bull video series

BLAZE OF GLORY!

IT WAS a dream wave, and I was on fire!"

Surfer Jamie O'Brien means that literally - he set himself on fire while riding the huge waves off the coast of Tahiti!

The fiery feat was just another day at work for the 32-year-old, whose video series of surfing stunts is sponsored by the energy drink Red Bull.

"I got a direct message on Instagram that said it would be cool if you lit yourself on fire," explained Jamie.

"And I kinda thought, 'Why not?' So I went to Red Bull and said, 'Hey, I want to light myself on fire!'"

Surfer **sets himself on fire** as he rides a monster wave

Fortunately, Jamie didn't rush into the dangerous experiment. He hooked up with movie stunt coordinator Riley Harper - whose crew did a few fire tests with Jamie in California and Hawaii before heading to Tahiti.

"During [one] test, I burned a quarter of my eyelash and eyebrow, but it was really cool!" he said.

Still, Jamie faced some new challenges when he hit the beach in Tahiti.

The determined daredevil

surfed over the island's razor-sharp reefs and wore 15 pounds of protective gear when he lit himself up!

But the biggest problem was finding the right hour to ride the waves.

"You don't want to be there too early, and you don't want to be there too late," Jamie dished. "You gotta be on fire at the perfect time to get the glow!"

And that's got to be the hottest way yet to hit The Odd List!

EVER WONDER WHAT IT'S LIKE TO SLEEP IN SPACE?

We've all had nights when we just can't lie down in bed and sleep.

Whether it's from heartburn, cardiac problems, hip or backaches—could be a variety of reasons. Those are the nights we'd give anything for a comfortable chair to sleep in, one that reclines to exactly the right degree, raises feet and legs to precisely the desired level, supports the head and shoulders properly, operates easily even in the dead of night, and sends a hopeful sleeper right off to dreamland.

Sit up, lie down, and anywhere in between!

Our Perfect Sleep Chair® is just the chair to do it all. It's a chair, true—the finest of lift chairs—but this chair is so much more! It's designed to provide total comfort and relaxation not found in other chairs. It can't be beat for comfortable, long-term sitting, TV viewing, relaxed reclining and—yes!—peaceful sleep. Our chair's

recline technology allows you to pause the chair in an infinite number of positions, including the Trendelenburg position and the

zero gravity position where your body experiences a minimum of internal and external stresses. You'll love the other benefits, too: It helps with correct spinal alignment, promotes back pressure relief, and encourages better posture to prevent back and muscle pain.

And there's more! The overstuffed, oversized biscuit style back and unique seat design will cradle you in comfort. Generously filled, wide armrests provide enhanced arm support when sitting or reclining. The high and low heat settings along with the dozens of

massage settings, can provide a soothing relaxation you might get at a spa—just imagine getting all that in a lift chair! Shipping charge includes white glove delivery. Professionals will deliver the chair to the exact spot in your home where you want it, unpack it, inspect it, test it, position it, and even carry the packaging away!
